DATES NOT AVAILABLE @ YOUR FACILITY: Make sure to list all dates. If you are a weekend teams, list both Sat & Sun dates not available regardless of which of those dates you play your home matches. You will not have a match scheduled AT HOME on these dates.

DATES YOUR TEAM WOULD LIKE A BYE:

In order to get your schedules to you in a more-timely manner, and with fewer errors, most bye requests will be arranged between captains. Please indicate any days your team needs a bye and if I am unable to incorporate it into the schedule, I will let the other team know that the two of you will need to get together and pick a date which works for both of you. If you fail to list any needed bye dates here, the other team will have no obligation to reschedule with you, so please make sure you list them here. (The exceptions to this are facility-scheduled events which get scheduled after the schedule is out, and teams who are playing in sectionals in a different division of USTA where they have at least 4 member on both teams.)

If the flights are divided into both large 9-10 teams (where you play each team once, with typically more distance between teams,) and small 5 - 6 teams, (where you play each team twice, and less distance between teams,) please indicate which you would prefer. (Obviously I will not be able to accommodate everyone's preference, but I will try.
