(In the future, any time you come into the system, you must ALWAYS login with your number and password, or you won't be able to see anything.)

Follow the instructions and put your team online. If for some reason your facility is NOT listed, choose Catalina and send me an e-mail hstryker@earthlink.net to let me know which facility needs to be added.

Then you will have the team numbers to give to your parents.
If you get stuck or have questions, please send me an e-mail.
